LEARNING & DESIGN

We always customize our approach according to your specific needs.

www.atracore.com
E-learning
Transferring traditional training content, materials and presentations into interactive e-learning modules.

Hosting
Maintain and track your learning 24/7. Customize the LMS to your exact specifications and unique training processes and workflows.

User management
Create and manage login credentials for users, identify and control the state of users logged into the network.

Design
Developing concepts for web design, logos, graphics and layouts for products, illustrations, Power Point presentations, etc.

Movies and animations
Creating interactive animated movies in Vyond/Adobe Effects and Captivate.
